PIMLICO'S BIGGEST CROWD

THROW OF RECORD-BREAKING PROPORTIONS
AT FAMOUS OLD COURSE.

Lace Wins the Clabaugh Memorial Cup for Ral Parr
and Two Others from Same Stable Score During
Afternoon—Sport Marked by Enthusiasm.

Baltimore, Md., May 4.—Pimlico established two records this afternoon, one for the size of the crowd and another for the number of races run off. Conservative estimates placed the attendance at 10,000. The grandstand and bleachers were packed and the big overflow crowded the betting ring and lawns. The program was made up of eight races, the attractions being the Clabaugh Memorial Cup, the Mount Washington Steeplechase over the two-mile course, the Baltimore Club Cup for non-professional riders and a race on the flat at four miles, also for amateurs.

All the winners were received with applause. The colors of Ral Parr were conspicuously successful. The Weikin galloped home the victor in the Mount Washington Steeplechase, while Lace finished first and Little Hugh third in the Clabaugh Memorial Cup, and Bouncer led by half a dozen lengths at the finish of the sixth race. William Clark saddled all three of them and also Ringling, which finished second in the Clabaugh.

Today's running marked the seventh renewal of the latter race. Eight of the nine carded went to the post with Lace and Little Hugh at odds-on. Lace never left the result in doubt. She outbroke her opposition and, racing Silver Moon to defeat, drew away into a commanding lead in entering the homestretch. At the end Schuttlinger had her under restraint and she won pulled up. Had Schuttlinger refrained from pulling Lace up at the finish her stable companion, Little Hugh, would have been second. The latter was on the inside, behind Lace, with Ringling on the outside. This put Little Hugh in a pocket and Guy Evans was forced to take up, which permitted Ringling to get up to beat him out a nose for second money.

The Baltimore Club Cup furnished a good contest. Lace Watches, after making most of the pace, passed to best America, a head. Mr. Tucker, who rode the latter, claimed foul against the rider of the winner and there was a long deliberation in the stewards' stand before the result was allowed to stand. Lace Watches kept bearing over to the inside throughout the last sixteenth and pinned Apache against the fence at the end. But for this the latter would undoubtedly have won.

A jam occurred directly after the start of the sixth race, in which the favorite, Lady McGee, fell. Lousberry, who had the mount on Key, was responsible for the mishap, as he permitted his mount to cut across from the outside. Jockey Skirvin was shaken up a bit and the filly was lame as a result of her fall. Lousberry was promptly suspended for the rest of the meeting and was lucky that his license was not revoked.

The four-mile race proved an easy victory for Two Saints. He was rated behind the pace until the last half mile, when he went to the front and drew away into a five-length lead. Jockeys Fairbrother and Ferguson were suspended for three days by the starter.

W. M. Carter, trainer for Thomas Fortune Ryan, has arranged to ship the Oak Ridge horse to the Churchill Downs track at Louisville some day next week.

Joseph McLennan, who has been here for several days looking after entries for the stakes offered by several associations on the Canadian circuit, left tonight for Chicago. Mr. McLennan had great success here. He received more than 900 entries to the various stakes and also booked 350 horses racing here for the meeting at Woodbine Park, Toronto, this spring.

LEXINGTON MEETING ENTIRELY SUCCESSFUL.
Quality of Racing Good and Financial Showing
Satisfying—Blue Grass Gossip.

Lexington, Ky., May 4.—From its untoward beginning a week ago, owing to the wet, disagreeable weather and muddy track, the Kentucky Association's spring meeting has, financially speaking, progressed to a stage considerably in advance of the first seven days of last year's meeting. The racing, too, has been of a high order; in fact, rather more interesting on the whole than has been customary here. This is particularly true of the races for two-year-olds and of the handicaps. There are, as was forecasted in these columns, more youngsters of good quality in Kentucky this season than in any one year for more than a decade, and this will be more forcibly demonstrated at Louisville and still more so at Latonia. The three-year-old division is strong, too, with such good material available as The Manager, Worth, Sprite, Sonada, Buckhorn, Azylade, Lady Lightning and others of quality. There are numerous horses four years old and upward that will furnish thrilling contests in the handicaps and condition races of the next two months.

The events of the week here and at Louisville have made the situation as regards the running of the Kentucky Derby and its probable result at Churchill Downs next Saturday so complex that at this writing it would be folly to attempt a prognostication with hope of seeing it sustained. The sickness of The Manager was the first of the kaleidoscopic changes that upset opinions and left the ablest racing students in the mire of doubt and uncertainty. Then followed in order Sonada's improved running; Cracker Box's going wrong; Worth's disappointing performance and the attending suspicion of lameness, and next, Wheelwright's establishment of a glimmer of hope that even he might have a chance if he can be worked into condition to go a mile and a quarter by next Saturday. These things may in the end work to the destruction of a great and thrilling con-

THOMAS C. McDOWELL'S CANDIDATE FOR KENTUCKY DERBY HONORS THIS YEAR

THE MANAGER, CH. C. 3, BY VOTER—BRACEGIRDLE.

Whether The Manager is to place another Kentucky Derby to the credit of Thomas C. McDowell next Saturday or not, it is quite sure that he can only be beaten by a good race horse, because he is a proved good race horse himself and not likely to succumb to any but his own kind. Last year he made his debut as a two-year-old at the Lexington Spring meeting, May 4, in a purse at four and a half furlongs. Demonstrating that no mistake had been made in reports of his great speed in training gallops, he won by four lengths in :54, with Calise second and Guaranola third. Crystal Domino, Wheelwright and three more running unplaced. His next essay was in the valuable Breeders' Futurity, at a half mile, run May 9. This he won by two lengths in :48, with Bachelor Girl second, Wheelwright third and ten more of the best two-year-olds in Kentucky unplaced. His third start was in a purse race at Latonia, June 21. The distance was five furlongs and he won in the same easy fashion that had characterized his previous races. He carried 121 pounds to 100 on Wheelwright, 114 on Presumption and 106 on the other two starters, ran the distance in the superlatively fast time of :59 and won by two lengths from Wheelwright, with Presumption third. June 21 he won the Harold Stakes over a muddy track, but only beat Presumption a half length, with Dilatory a bad third. He carried 121 pounds to Presumption's 112 and ran the five furlongs of the race in 1:02. His sole defeat and his last race of the year was in the Cincinnati Trophy, July 8, at five and a half furlongs. He carried 124 pounds and the track was heavy. Lady Lightning won, with Presumption second and Anon third. The Manager was always badly beaten. Subsequently it was discovered that he had gone amiss to such an extent that he was at once thrown out of training and was raced no more in 1911.

When the time for training operations had arrived this year he had fully recovered from his ailment and grown into a magnificent appearing young horse. Progressing favorably in training and as he ripened giving satisfactory evidence of still possessing the electric speed of his early racing last year, he was threatening to become first favorite for the Derby until suddenly taken with a fever recently. Consternation followed a report that the good colt was at the verge of death. Fortunately the report was incorrect. The Manager speedily recovered from his disorder and has since then been working so well that he has been named to start in a race Monday. His record is as follows:

Year.	Age.	Sts.	1st.	2nd.	3rd.	Unp.	Won.
1911	2	5	4	2	0	1	\$7,003

test that was looked forward to in the first meeting of The Manager and Worth, but it is still the aim and purpose of the owners and trainers of both these colts to get them to the post for the Derby, and because of the things that have happened this week other owners have taken heart and now will go in where before they fancied they had no chance.

The unbeaten two-year-old, Hawthorn, that has a string of seven victories including the Ironquills Stakes here last Tuesday, has been variously discussed by those who saw him win his five races at Juarez and those who saw him take two in the muddy going here. The people who were at Juarez where the track was always dry and fast, declare that they have observed no youngster in Kentucky as yet that is capable of taking the measure of the son of Hastings and White Throat, while those who saw him only in his two races at the Kentucky Association track are somewhat divided in their opinions and expressions. Some are quite agreed with the Juarez idea, but many more are willing to wager that he will have his measure taken in the Bashford-Manor Stakes at Louisville, May 16, if not before. Since Helios won the Breeders' Futurity there are some who are saying that this Star Shoot—Hindoo Rose gelding will be equal to the task of taking the son of Hastings by the head and leading him home. Some others have the notion that Forward can give him a beating right now, and there are others still who profess to believe that even Christmas Star and the as yet uncolored McCorkle can accomplish the task. Trainer "Bill" Trevey, however, smiles good humoredly and declares upon his honor that he doesn't know how good a colt Hawthorn is. "You see this colt may be a bound, I don't know," said he. "He has so much speed that he has been able to run away from any and all he has met up to date, and he has won all of his races with so much ease that it is simply impossible to figure what he will do when he comes in contact with one that can look him in the eye for an appreciable part of the route. He may have some dog in him and tell the other fellow to take it. I hope, however, that he has not, and I want to say that if he is really and truly game, with all the speed he possesses, there is no telling how long he may run before he is defeated."

There was one feature of the Breeders' Futurity that is worthy of comment for the consideration of students of breeding. It is the fact that there were three of the get saw Colonel Clay's import Star Shoot in the race and they each got a piece of the money. Helios winning, Christmas Star being third and Solar Star fourth, the conditions stipulating that the fourth horse should save his starting fee of \$75. Another incident worthy of note is that Helios and Christmas Star are both out of Hindoo mares, the former being a son of Hindoo Rose and the latter a daughter of Breakwater. Naushon, the good four-year-old son of Yankee and

Royal Gun, has been retired to the stud. R. T. Wilson sent him to Kentucky last week and he is now at the Kirklevington Farm near this city to be mated with eight mares, including L'Alouette, which Mr. Wilson has there in charge of Oscar Brown.

Among the yearlings at August Belmont's noted Nursery Stud is a brother to Hawthorn. He is of a blockier type and generally a better made horse than is his illustrious two-year-old brother. It is not likely that anyone will get him for \$600, the price Mr. Clyde paid for Hawthorn. Johnson N. Camden owns a yearling half-sister to Helios that he says is larger now than is the winner of the Breeders' Futurity. This filly is by Plaudit. Hindoo Rose was cast off by Mr. Camden last fall, being knocked down to William Scully of this city for \$55 and later sold by him to Thos. B. Cromwell, a local newspaper man, for \$125, and she is now in his possession. She has no foal this season and has not been mated as yet. She will probably go again to the court of Star Shoot.

WOULD LIFT BAN AGAINST RACING.

Minneapolis, Minn., May 4.—The Board of Bishops of the Methodist Episcopal church have reported to the general conference of the church in session here in favor of lifting the church ban from dancing, card playing, gambling and attendance at horse racing, theaters and circuses.

In making this radical recommendation the twenty-four active bishops who formulated the report declared that the American people are too far advanced longer to be restricted by church rules as to what their amusements shall be. It is suggested that each individual follow the dictates of his own conscience.

The bishops declared that the church reiterated its opposition to theater going and gambling, but that the ecclesiastical rule in force since 1872 could not fix the point between the turf and the stock market.

The report in part said: "We would joyfully acclaim the day when every Christian would abstain from the amusements which have been prohibited, but we cannot repress our conviction that John Wesley dealt more wisely with the danger."

ANSWERS TO QUERIES.

G. F. Rockford, Ill. Your bet was that whatever horse Moleworth rode in the first race at Lexington, April 20, would run as good as second. His mount did not do so and the bet lost.

T. F. Chicago. The place parlay of April 29 on High Hat and Colonel Holloway won as a single place bet on High Hat and was void on Colonel Holloway because there was no separate place price against him.

ANOTHER STAKE FOR SPRITE

H. K. KNAPP'S GREAT FILLY WINS BLUE
GRASS STAKES AT LEXINGTON.

Victory Accomplished in an Easy Manner—The Manager in Sensational Work-Out—Round the World
Beaten by Caught Hill and Milton B.

Lexington, Ky., May 4.—H. K. Knapp's crack filly Sprite again demonstrated her quality by an easy victory in the Blue Grass Stakes at one mile and an eighth, which featured today's card at the Kentucky Association course. The time, 1:52½, was comparatively slow as against Governor Gray's 1:51½, made in the same stake last year when he beat Meridian. Sprite, however, was never fully extended and for most of the trip only cantered. The withdrawals of Worth and Sonada left only Duval, Wheelwright and Sir Blaise to oppose her and neither of this trio were sufficiently formidable to offer the great filly serious contention. There was a mixup at the start between Sprite and Wheelwright, which, for a brief period, threatened serious consequences, but luckily they avoided a fall and Sprite luffed her way clear in a few strides. She then went into a long lead, though under hard restraint and only played with the others. Wheelwright's effort was a good one, for he lost considerable ground at the start. He closed an immense gap in resolute fashion and disposed of Duval handsily in the final furlong. The net value of the stakes was \$1,447.

George Odum suffered additional bad luck today when Tourist, starting in the first race, was jumped on and badly cut. The injury will probably necessitate the colt's destruction, though W. Jones, who was presented with the colt by Mr. Odum, thinks he has a chance to save him and made arrangements to turn him out at the Hessel farm. The race also carried with it a disappointment to the Hallenbeck connections, who wagered heavily on Housemaid, only to see her bring up in the rack. Her failure was due to the rough riding of several of the jockeys who kept Shilling in a pocket almost throughout.

Caught Hill took the handicap at three-quarters, in which Milton B., Cherryola and Round the World were making their debut for this season. Caught Hill had all the luck in the race and led for the entire trip. Round the World, who was reported to be short by succumbing to Milton B. when she seemingly had second money at her mercy, Cherryola also will improve on her showing today. Donau again acted fractionally at the post and was left in the race.

Ardelon accounted for the first juvenile race, in which Yengbee was the public choice, and Silver Bill, one of the outsiders, took the second juvenile dash of the afternoon. Trainer Karriek sent to the post in this race a trim looking filly in Coy, by McGee—Pickle, which was reported to have worked extra fast. She ran greenly and was never much in the running. Effendi showed some improvement in winning in the closing race from Sea Cliff. The latter was weakly ridden.

The weather today was fine and the attendance about 5,000. Speculation was brisk, but in volume of money handled it fell short of the corresponding day last year.

Trainer Charles H. Hughes, who is again the business agent for the Hallenbeck stable, returned today from Louisville, whither he went yesterday to arrange for the preparation of quarters and provender for Worth and others in the good string.

C. L. Harrison, former owner of Housemaid and present owner of Bonanza, Winning Witch and a couple of likely two-year-olds in Jack Baker's string, arrived from New York this morning and will remain in Kentucky until after the Kentucky Derby is run.

Jake Greenburg of Louisville was among the visitors today. He says he has this season twenty mares at his farm near Louisville.

That only My Genie, the property of H. P. Headley and Katrine, owned by his son, Hal Price Headley, are named for the Breeders' Futurity consolation purse for fillies and geldings to be decided today, is somewhat surprising, since there are many others eligible. It was this that occasioned the splitting of the sixth race and the making of a card of seven races, the first time for that number here since the introduction of the pari-mutuel system of betting.

The Manager was worked a mile after the races on Thursday and went the distance in 1:39½. The fractions were as follows: Quarter :22½, half :46½, three-quarters 1:13.

Among the best works this morning were:
Buckhorn—Mile in 1:42.
Chambers—Three-quarters in 1:15.
Cloud Chief—Three-quarters in 1:15.
Foxy Mary—Five-eighths in 1:03.
Inlan—Three-quarters in 1:19.
Lady Lightning—Five-eighths in 1:05.
Pony—Mile in 1:42.
Polly D.—Five-eighths in 1:03.
Rocky O'Brien—Seven-eighths in 1:33.
Viley—Five-eighths in 1:04.
Western Belle—Mile in 1:43.

RACING RECORD OF PINKOLA.

Pinkola, whose death is reported from Coeur d'Alene, achieved the most notable success of his brilliant racing career by a victory in the valuable Empire City Handicap, at Yonkers, N. Y., in 1908, when a three-year-old, Frank Gill and King James were respectively second and third in this race, which was contested by some of the best horses in the country. Pinkola had raced only occasionally of late because of infirmities with which he was afflicted. He leaves this racing record:

Year.	Age.	Sts.	1st.	2d.	3d.	Unp.	Won.
1907	2	15	11	2	2	0	\$6,855

G. M. MILLER WINS STAKE AT ALAN.

Spokane, Wash., May 4.—The Appleway Selling Stakes was contested at Alan today by a field of five before fully 4,000 racing enthusiasts. It was a grand race. The winner, G. M. Miller, a recent arrival from the east, belonging to W. B. Carson, a remarkable race and materially reduced the track record. Schwebig, the stable apprentice, rode the horse with good judgment. He had his mount in reserve for the first three-quarters, then let him have his head, and won with ease.

Negligee greatly reduced the track record for half a mile in winning the opening dash in a spirited struggle with Vested Rights.

Frank Hutchinson and "Little Henry" Friesenhausen joined the ranks of the layers today.

WILL BE GREAT SOCIAL OCCASION.

Notable People Planning to Visit Churchill Downs on Derby Day, Next Saturday.

Louisville, Ky., May 4.—One frequently hears horse racing referred to as the sport of kings. It was in the long ago. It is now the sport of the people, as it was once the pastime of royalty. It is even more, according to M. J. Winn, general manager of the New Louisville Jockey Club, Charles F. Grainger, its president, and Charles F. Price, presiding judge of the course and one of the most eminent racing officials and turf authorities in America. Racing, they agree, has for its professed object not mere amusement, but, rather, the betterment of the race of horses.

Louis Napoleon, knowing the benefit the methodical breeding of cavalry horses would confer upon France, issued a decree ordering horse racing in Paris and the provinces. He also established a Grand Prix de Paris. In the gay French city going to the races is something like going to a garden party. The flower beds, shady paddocks, and the velvety lawns of Anteuil bear out this. Maisons Lafayette in the season is a mass of flowers.

Attaching to the great turf events in America is the same sentiment, the same keen interest and the identical thrills coincident with the rich fixtures abroad. At Churchill Downs, on Derby Day, there will be the same kaleidoscope of color and brilliant array of gowns in the grandstand, until it will resemble a monster bank of flowers of every hue. The picture will be equally fascinating on the clubhouse lawn, on the lower promenade and in the newly-built boxes, twenty-six in number, on the roof of the building set apart for exclusive use of club members. This is an innovation provided by Mr. Winn out of compliment to society, not alone in Louisville, but Kentucky and the Union, for year after year the elite journey to Churchill Downs to bestow their approval and patronage upon a sport characteristic of Kentucky and dear to the heart of every man and woman appreciative of a contest between blooded racers both fleet and courageous.

Manager Winn's ideas concerning the comfort of the patrons of the course, the beautification of the plant, remodeling it in keeping with up-to-date methods, the elimination of everything unsightly, the substitution of something better and pleasing, always elicit from the business associates, Charles F. Grainger and Col. Andrew Vennie, hearty approval, so, when he decides to make alterations and improvements no discussion ensues as to the advisability of doing this or that simply because it represents a heavy expenditure of money. Liberality and progressiveness are the keywords with the Jockey Club, judging by what has been done heretofore, by what is being done now and what Mr. Winn has in contemplation for the future.

This system is what has made Mr. Winn the foremost and most successful manager of race courses in America. It brought to him in New York, before adverse legislation closed those tracks, the unreserved approval of metropolitan turfites. It has enabled him to securely establish in Mexico one of the greatest racing plants to be found anywhere.

When, on May 11, the host marches upon the Downs to attend the inauguration of the spring race meeting, the feature of which will be the thirty-eighth renewal of the Kentucky Derby, it will walk in an atmosphere of grace and unchanged at old Churchill Downs, but there will be many changes agreeable to the eye, yet retaining the sentiment hovering over the place, and which, for some unexplained reason, makes it different from other race tracks.

On the front lawn will be beds of dainty flowers, artistically trimmed overgreens and palms lining the entrance to the grandstand. This structure will be bright in fresh green and white. But at the clubhouse it will be found that the most extensive transformation has been wrought. On the roof over the promenade, where the beauty and the chivalry of the country have on so many occasions participated in the gaities, there will be colonial style boxes, extending the entire length of the clubhouse. Each box will seat as many as ten persons. The boxes will be of snowy whiteness and on Derby day will be decorated. Behind the boxes will be a promenade.

ade. Between races "Beauty Row" will be packed with women and their escorts visiting the occupants of the various boxes. Here, on Derby day, will be found representatives of high society from the four corners of the Republic. From this elevated position the club house members and their guests may view the races without any obstruction whatever, never losing sight of the horses from start to finish.

In order to relieve the congestion of previous Derby days, Mr. Winn will have thirty-two pari-mutuel machines, on location. Three will be available for club house members, and will be located just outside the entrance to the clubhouse, almost opposite the judges' stand. In the betting ring proper there will be twenty-nine machines. The space used heretofore for boards to display the entries in the races, together with five cashiers' stands for the cashing of bets and the names of the jockeys, will be occupied by five cashiers' stands for the cashing of \$25 and \$10 tickets. In all, there will be twenty-three cashiers. Every arrangement has been made to facilitate transactions in connection with the pari-mutuel system.

This will be the last spring for the big stable which stands near the paddock. The coming summer it will be removed. All of the ground adjacent to the paddock will be graded and sodded. Trees will be planted, just as they have been in the infield, which will be graded and planted with grass seed. This lawn will be beautiful. Mr. Winn will also close the inside track to trainers and beatify it. Here flowers will bloom from the far stretch turn to a point far beyond the clubhouse porch. From time to time additional improvements will be made with no other purpose in view than to make Churchill Downs the ideal, most inviting and most beautiful race course in all America.

Nicolas, which, if anything happens to Free Lance, will be George J. Long's standard bearer in the Kentucky Derby this spring, did about the best work of any three-year-old at the local courses today. The tracks were fast. In company with the three-year-old filly Fernada, also in the Long stable, the son of Sir Huon worked three-quarters in 1:14. He went the first eighth in :14, the half in :24, three furlongs in :39, the half in :49, and five furlongs in 1:02. Free Lance was the only other Derby candidate to work. He went three furlongs in :39, presumably as a tuning up for a fast work-out tomorrow. The Royal Prince, in James S. Everman's stable, did about the fastest work of the older horses, going a mile in 1:43. The pair worked the half in :49. Other trials were:

Factor Boy—Half mile in :49.
Chief Top—Seven-eighths in 1:30.
Cockspur—Three-quarters in 1:16; first half in :49.
Ella Bryson—Three-quarters in 1:18; first half in :51.
Feather Duster—Five-eighths in 1:05; first half in :52.
Froglegs—Mile in 1:44. This Latonia Derby candidate seems fit.
Gagnet—Six-eighths in 1:31; pulling up; first half in :49.
Hopsack—Half mile in :50.
Jack Bunn—Half mile in :53; cantering.
Jack Parker—Three-quarters in 1:20; cantering.
Jean Gray—Half mile in :50.
John Furlong—Mile in 1:51.
John Louis—Three-quarters in 1:26; cantering.
John Reardon—Mile in 44; first three-quarters in 1:16. Looks good and is about ready.
Pass On—Half mile in :50; three-eighths in :36.
Puck—Mile in 1:51.
Spindle—Seven-eighths in 1:30; first half in :50.
Star Charter—Five-eighths in 1:05; first half in :52.
Veneta Strome—Five-eighths in 1:04; first half in :50.

Winning Widow—Three-quarters in 1:16; first half in :48. Has her speed.

Secretary Lyman H. Davis received notice this morning from Capt. E. B. Cassatt, the Pennsylvania multi-millionaire turfman, that he will ship nine horses in the next few days to the Kentucky Derby. Among them are his Clark Handicap candidate Heatherbroom, and the fillies Flying Fairy and Lawsuit. Debutante stakes candidates.

L. H. Adair, a wealthy St. Louis turfman, was an arrival here today. He has a stable of horses quartered here in charge of Hanley Baker and is in the market for any other good horses that may be for sale at a reasonable price.

P. H. Donnelly's noted mare, Ethel D., is at Douglas Park, and her trainer has been having difficulty in getting her to work on the track. Age does not seem to improve her temperament, but she appears to have all her brilliant speed. Mr. Donnelly is trying to get her ready to race in the Louisville Handicap.

Duval. G. Gallagher Bros. Fain.
Chief Lindsey. D. Lehan. Loftus.
Non-runners of a three-year-old race of the value of \$1,500 are allowed five pounds in the Derby, which makes the weight for all colts which have not won such a race 117 pounds. Geldings and fillies are entitled to the usual sex allowance.

On their form as two-year-olds Worth, The Manager and Sonada stand out among the probable starters in the Derby this spring, but it sometimes happens that good two-year-olds do not race up to expectations, as three-year-olds. The work of some of the prospective Derby starters which did not show in their training form last season has this spring been as good as anything shown.

It is in the race. Worth's mile in 1:41 at Lexington Friday is no better than the work of Guarano and Free Lance at the Downs several days ago. Of course Worth showed much earlier speed in his trials than Guarano and Free Lance, but speed does not always win a Derby. It takes stamina as well. If Worth was strung out at the end of his mile, it was not as good a performance as the trials here of the Henderson & Hogan colt or of George J. Long's Sonada.

Guarano a few days ago in about the same time and beat in that race three of the Derby candidates. Duval, Sir Blaise and Wheelwright. As far as his race goes, though the track was a bit slow, it is not considered a better performance than the mile of either Guarano or Free Lance at the Downs.

It is nearly a certainty now that Flamma will go in the Derby. She was classed as a doubtful starter until she worked a mile and a quarter at the Downs. She came out of that work so satisfactorily that her trainer has about concluded to send her after the rich prize.

\$2 mutuels paid, H. P. Whitney entry, \$14.80 straight, \$4.30 place, \$6.65 show; Sand Vale, \$3.10 place, \$2.90 show.

Winner—B. f. by Broomstick—Queen of Hearts (trained by A. Simons).
 Went to post at 2:45. At post 6 minutes. Start good and slow for all but LINDESTA. Won easily; second and third driving. TARTS, off forwardly, moved up rapidly while rounding the far turn and drew away into a long lead in the homestretch. SAND VALE began from an outside position and moved up with a rush, but was swerving in the last quarter and her jockey had to stop riding to straighten her out. TANKARD ran well and in a fast finish, wearing SAND VALE down and would have beaten her for second place in another stride. NELLY AGNES ran away a quarter mile while going to the post, ran a good race. LINDESTA was green and reared up at the start. MARY SCRIBE was off poorly and made up ground.
 Scratched—2037 Leesboro Girl, 110.

2155 SECOND RACE—3 1-2 Mile. (95722—1:12—6—124.) \$500 added. 3-year-olds and upward. Selling. Net value to winner \$430; second, \$75; third, \$50.

Winner—Ch. h. by The Commoner—New Era (trained by W. Martin).
 Went to post at 3:12. At post 1 minute. Start good and slow for all but M. M. WHITNEY. Won driving; second and third the same. KING COMMONER dashed to the front at the start and set a fast pace, but tired in the last furlong and kept hearing over to the outside. THE GARDENER ran in close pursuit of the pacesetter all the way and was gaining on him at the end. LADY ORIMAR ran well, but tired and just lasted long enough to outstay ARGONAUT for third place. The latter closed a gap and finished with a rush. CAMEL made up ground in the last quarter. JOE GAITENS and DEDUCTION ran prominently to the stretch and tired.

2156 THIRD RACE—4 1-2 Furlongs. (2136—54—2—115.) Clabough Memorial Cup. \$1,000 added. 2-year-olds. Allowances. Maryland, Virginia and Pennsylvania-bred. Net value to winner \$1,320; second, \$200; third, \$100.
